BLOCKCHAIN FOR GOVERNANCE

DEMOCRACY4ALL
2020

Global Online Edition

DEMOCRACY4ALL 2-DAY CONFERENCE

WE ARE BUILDING UNIQUE AND DECENTRALIZED HYBRID EXPERIENCE IN THE FACE OF COVID RESTRICTIONS

D4A 2020 accepts the challenge and introduces a flexible conference model which merges fully avaiable online content with actual face-to face networking experience available in the local networking rooms around EU and beyond.

Barcelona Blockchain Week SL | 2020

D4A 2020 Agenda

BLOCKCHAIN DRIVING DEMOCRACY

2020 Global pandemic issue has accelerated realization that transparent and secure digital tools are needed to help us fulfill our rights and obligations. Explore blockchain based solutions which are already available for e-voting, self-soverenity and government services.

DIGITAL ASSETS IN POST CRISIS ECONOMY

Digital Assets are here to stay. But what is the next big thing? ICOs are in decline IEOs seem to have very limited potential. Can we expect the rise of STOs? We are to discuss the future of digital securities, central bank digital currencies and financial inclusion issues.

BLOCKCHAIN ON GUARD OF DIGITAL PUBLIC & PRIVATE LIFE

This is a digital age we live in. And data we poses and create is a resource. But do we take enough care of our data and our digital rights. Engage with the cyber security and law experts to ensure your privacy and safety of the information you provide to others.

BLOCKCHAIN IN USE

Blockchain is an amazing technology with great potential but it's just a tool after all. Explore how different industries use the technology and what are their insights and lessons learned. Real life cases from Production, Supply Chain, Logistics, Agriculture, Healthcare and Payments industry professionals.

D4A 2020 NETWORKING ROOMS

D4A Networking room is a phisical place connected to the global conference where local community and speakers can gather to participate in the discussion and network and join global community from other networking rooms

WE CAN BE DECENTRALISED BUT NOT SEPARATED!

- BARCELONA
- MADRID
- DUBAI
- ANDORA
- GIBRALTAR
- LONDON
- MOSCOW
- ETC.

THINK ABOUT THIS

Has the Internet changed our lives? Have mobile phones changed our lives? The blockchain is something that is that transformative.

- BROCK PIERCE -
